

On hand to receive us, on behalf of the Honorable Speaker, Rt. Hon. Mudashiru Obasa, was Honorable Jubril F. Mohammed. In his statement, he said, a Bill has been passed since 2017 to protect our women and the discussion is ongoing and pretty soon it would be finalized.

Our president and Founder of our great organization, Mr. Femi Jegede, expressed his concern and our stands as organization on the issue of rape and urgency in passing a Bill to protect our women.

Same day, we gave out palliatives to above fifty indigent widows to cushion the effect of the

partial lockdown occasioned by the ravaging Covid-19 pandemic. The event, covered by Lagos Television, held at 10, Baba Yusuff Close, Off Makinde Street, Off Awolowo Way, Ikeja. The widows, drawn from across the state, received food items and cash.

Our joy knew no bounds seeing the joy and happiness on the faces of the beneficiaries. We would gladly do more, as opportunity allows.

However, we have limited resources. As we continue to seek for donors, we would be delighted to enjoy support, also, from the state, either from the government or from trust. We cannot afford to relent on this laudable project and many more to make lives better for our women.

N.B:

Attached are all necessary materials authenticating every claim above.

Thank you, Ma.

Yours, Very Sincerely,

For: **WOMEN REFORM ORGANIZATION**
